

Do you live in the state of Missouri?

Do you co-own with someone who lives in the state of Missouri?

Do you co-own dogs across the nation?

Now You AND Your Co-Owners are equally liable with the new Puppy Mill Initiative

If you live in Missouri but co-own with someone outside of the state and they have possession of the dog, they may be extradited if they violate this initiative

If you live in Missouri and co-own with someone outside of the state and you have possession of the dog, they may be extradited if you violate this initiative

If this initiative becomes law, no State in the Country is safe from legislation similar to this; Co-ownership would become a thing of the past for registered dogs

**All it takes is
10
The Magic
Number**

10 female dogs that are registered in your name as owner or co-owner

You now have to obey the law of the Puppy Mill Initiative

Don't Sign the Puppy Mill Initiative
