DO YOU KNOW WHAT **YOUR** DONATIONS ARE USED FOR?

DID YOU KNOW THAT:

- **The Humane Society of the United States**, commonly referred to as **HSUS**, is not affiliated with your local animal shelter.
- **HSUS** is not an organization that runs animal spay/neuter programs or takes in stray, neglected and abused pets.
- **HSUS** IS one of the wealthiest animal rights organization on earth
- Since its inception **HSUS** has tried to limit the choices of American Consumers by opposing dog breeding, conventional livestock and poultry farming, rodeos, circuses, horse racing and marine aquariums¹

- **People for the Ethical treatment of Animals**, commonly referred to as **PETA**, seek total animal liberation (no family pets, cattle, horses, zoos, etc.)
- **PETA** has been described as “by far the most radical organization in America.”
- **PETA** is even opposed to the use of seeing-eye dogs or any other animals used for service of any kind.
- **PETA** has unacceptable kill rates for animal ‘rescued.’ 2007 statistics show they received 1,997 (other than spay/neuter animals) of which 17 were adopted and 1,815 were killed (90.9% kill rate). This was actually an improvement over their 2006 statistics which showed a 97.4% kill rate.²
